

REMARKS

Reconsideration of the application as amended is respectfully requested.

This amendment is a follow-up to the teleconference of July 6, 2007 between the Examiner and Tanya Rossin, a patent agent for applicants. In that teleconference, the Examiner pointed to the need to amend paragraph [0079] of the specification to enter a missing patent application number.

In this Amendment, applicants have amended paragraph [0079] to correct the incorrect provisional patent application number and to supply the non-provisional patent application number (as well as the issued patent number).

Applicants have also amended paragraphs [0002] and [0069] to supply the missing patent application number (and insert the issued patent number).

Applicants have amended paragraph [0078] to supply a missing patent application number, correct a filing date, and insert the issued patent number.

Applicants have amended paragraph [0035] to correct a citation error.

It is respectfully submitted that the amendments do not add new matter.

If there are any charges not covered by any check submitted, please charge Deposit Account No. 02-2666.

Respectfully submitted,
